Work Experience

L.P.N

Yelverton Enrichment Services - Raleigh, NC

January 2019 to Present

H.H. Cases: The Licensed Practical Nurse is responsible for providing direct patient care under the supervision of a registered nurse. Responsibilities include following the plan of care, providing treatments, and working collaboratively with the members of the team to help meet positive patient care outcomes.

L.P.N.

Supplemental Health Care/Tammy Lynn Center - Raleigh, NC

October 2018 to January 2019

Provide quality nursing care to all residents and students in an interdisciplinary team environment. Apply all TLC health care policies, procedures, and services including, but not limited to the following: medication administration, treatment procedures, therapy procedures, provision of direct nursing care and other duties as required. Assess the health care and medical care needs of clients on a daily basis and ensure that care is delivered in a safe and therapeutic manner. Assist in planning needed care for clients and ensure that all care procedures are carried out, i.e., lab work, doctor appointments, specialist appointments and dental visits. Keep Medical Director, Director of Nursing, nursing staff, rehabilitation staff and guardians well informed concerning each client's health needs, concerns and progress. Maintain comprehensive and accurate nursing related records and keep said records up to date to meet all local, state and federal laws and ICF/MR regulations. Perform related assigned nursing task (i.e. ordering and stocking supplies, maintaining work area(s), refreshing, repositioning and transferring individuals as needed). Work in a team environment.

LPN

Worldwide Staffing/Walter B. Jones Detox Center - Greenville, NC

June 2018 to August 2018

Under the supervision of the Registered Nurse, has the responsibility of medication administration (including treatments), transcribing physician orders, etc. The LPN also has responsibility for direct patient care and assists the RN in directing the Health Care Technician in the delivery of patient care as outlined by institutional rules and professional nursing practices. This position assists in the development of nursing care plans based on diagnosis and pertinent medical information, patient needs, and patient care problems. The LPN carries out the nursing care process and sets up an environment to assist patient in obtaining maximum level of

functioning or recovery. This position informs and communicates with other disciplines on campus and the community as it relates to healthcare needs.

L.P.N.

Worldwide Staffing/Maury Correctional - Maury, NC
October 2017 to June 2018

Provides professional nursing services, health care and treatment to offenders in an adult correctional institution. Assesses offenders' health problems and needs, prepares and administers prescribed medications, initiates emergency interventions, first aid measures, and assists physician. Develops and implements medical/nursing guidelines and maintains medical records. Provides training as necessary to staff and education to offenders about healthy lifestyles.

LPN Travel Nurse

Innovent Global, Inc./ Lawrenceville Correctional Center - Virginia Beach, VA
September 2017 to December 2017

Provides professional nursing services, health care and treatment to offenders in an adult correctional institution. Assesses offenders' health problems and needs, prepares and administers prescribed medications, initiates emergency interventions, first aid measures, and assists physician. LPN

Dept. of Public Health/Cumberland County Detention Center - Fayetteville, NC
February 2015 to September 2017

Utilizes approved clinical tools and technology to prepare initial and ongoing clinical and psychosocial assessments of service needs of identified clients. Confirms acuity level of identified client and tailors care plan accordingly, reassessing as needed. Develops, coordinates and integrates a coordinated care plan in cooperation with the client, the client's family, and/or the other providers serving the patient. Updates plan at specified intervals, and as needed based on changes in client's condition / circumstances. Participate in integrated care efforts with all providers known to the client to monitor the treatment plan and treatment progress. Performs and maintains effective care management for a caseload of clients, as assigned, from assessment to discharge. Tracks/monitors client progress and produces/maintains detailed, accurate and timely case notes. Facilitates periodic case record reviews and case conferences with all providers serving the patient. Reviews new cases for completeness of documentation. Provides linkage, coordination with, referral to and follow-up with appropriate ongoing service providers. Attends planning meetings with service providers to coordinate service plans. Works effectively with interdisciplinary team of providers including PCP, substance abuse treatment, residential, hospital discharge planners, etc., to coordinate care delivery between all linked providers and client. Maintains updated case records through health home EMR, and coordinates effective electronic communication throughout all provider databases, as needed. Maintains case records in accordance with health home policies/procedures, agency standards and regulatory requirements. Participates and consults with team supervisor in case conferences, staff meetings, and discharge planning meetings to determine if client requires an alternate level of care or is appropriate for discharge. Performs other duties and participates in special projects, as required.

LPN
